

Our Commitment to Our Clients and Therapists

We at The Therapy Center understand the recent concern regarding the Coronavirus (COVID-19) and we would like to share with you that we have taken immediate steps to help keep our clients and therapists safe and healthy.

Like many other private practices, we are closely following guidelines from the Centers for Disease Control and Prevention (CDC), the World Health Organization (WHO), and other local health organizations.

We have taken the following actions:

- We are increasing the frequency of regularly scheduled cleanings and sanitization efforts throughout our offices. On a regular basis, we are using disinfectant wipes to disinfect high touch point areas (i.e. doorknobs, light switches, lamps, countertops, etc.).
- We have provided hand sanitizer in each office and common areas for all clients and therapists to use while here.
- We are recommending that everyone take precautionary health measures, including hand washing and staying home if sick.

If you are scheduled for a therapy session and not feeling well, please do not come into the office. We ask that you remember to call your therapist or our office at 708-460-2111 to reschedule your appointment. We are offering telehealth services as an option. If you are interested in telehealth, please discuss with your therapist.

One thing that remains constant is our commitment to the mental health of our clients. We appreciate your trust and we will continue to monitor the situation closely.

Thank you,

The Therapy Center
